

Restaurant A

1

Fantastic food and wine. Great place for a date as it is super cute inside.

2

Perfect for a romantic date. Is in a very cool and cute place. We got the gnocchi with meatballs which was so delicious.

3

Our worst dining experience on our entire trip . The prices here are high and the food is not anything above edible

Restaurant B

4

Overall the ambiance was chic, though the music was blasting. Too loud for a date but great for a night out

5

My review is based on attending a birthday party ... friendly bar tenders, helpful wait staff and average bar food.

6

Food is immaculate but that's not the only thing that is spectacular about this place... Gotta try.
